## **City Seeks Public Participation in North Bay Redevelopment Process; Project Area Committee Election to Be Held**

SAN DIEGO -- On **Tuesday, October 24, 2006**, the 30-member North Bay Redevelopment Project Area Committee (PAC) will hold its annual election at the Peninsula Community Service Center located at 3740 Sports Arena Boulevard. A candidate forum will be featured from 4:00 p.m. to 4:30 p.m. and the election will be held from **4:30 p.m. to 7:00 p.m.** Interested members of the community are urged to participate as voters and as candidates.

The PAC is the official community organization comprised of elected community representatives who advise and consult with the City of San Diego's Redevelopment Agency and also provide community input and recommendations regarding redevelopment projects within the project area, particularly those projects that affect residential uses. The PAC is structured to have equal representatives from local renters, home owners, businesses, property owners, and community organizations.

Candidates and voters must be at least 18 years of age and must reside in the North Bay Redevelopment Project Area or own a business or property located in the project area. Candidate information must be submitted 72 hours prior to the PAC election for candidates to be eligible to run for a seat. Voters must bring the proper documentation with valid photo identification to the election to vote.

Fifteen seats are open for election: six community organization seats, six business property owner seats and three residential tenant seats.

The North Bay Redevelopment Plan, approved May 1998, encompasses almost 1,400 acres and seven community planning areas including Midway/Pacific Highway, Peninsula, Old Town, Linda Vista, Uptown, Clairemont Mesa and Mission Valley. Through redevelopment, a project area receives focused attention and financial investment to reverse deteriorating trends, create jobs, revitalize the business climate, rehabilitate and add to the housing stock, as well as to gain active participation and investment by residents.

*The City of San Diego Redevelopment Agency eliminates blight from designated areas, as well as achieves the goals of development, reconstruction and rehabilitation of residential, commercial, industrial, and retail districts. Redevelopment is one of the most effective ways to breathe new life into deteriorated areas plagued by social, physical, environmental or economic conditions that act as a barrier to new investment by private enterprise. **The City of San Diego Redevelopment Agency consists of three divisions:** the City Redevelopment Division (which provides overall agency management and is housed in the City of San Diego's City Planning and Community Investment Department), the Centre City Development Corporation and the Southeastern Economic Development Corporation.*
